

Sept. 22, 1924.
Circular Letter No. 44.

To Supervisors of Schools and
High School Principals.

Ladies and Gentlemen:

HIGH SCHOOL PRINCIPALS.

I wish to make clear the fact that the supervisor of schools in each district is directly responsible for the general work of the schools under his jurisdiction. Principals of schools are responsible for the due administration of their respective schools according to the school laws, but always under the immediate direction and final responsibility of the district supervisor who is the representative of this Department in each district.

Yours very truly,

(Signed) JUAN B. HUYKE

Commissioner of Education.
